"Curious Savage" Nears Readiness

The Hartnell College Community Theater is nearing production with its first play of the season, "The Curious Savage," according to director Harold Ulrici.

The play centers about the attempts of an elderly woman to prove her sanity and obtain her release from the sanitarium to which she has been committed by her step-children.

Director Ulrici is enthusiastic about the play, and states that it is one of the few plays in which every role is a good one. The main characters in the play are the mental patients met in the sanitarium, and all have a surprisingly good philosophy of life underlining their madness.

Comedy is interspread with the suspense of the play, and it creates a production which can satisfy all types of people.

The cast of the play consists both of college students and members of the community, and the play is scheduled to be staged November 5, 6, 7.

The members of the cast are as follows: Elizabeth Snow, as Florence; Ray Wilson, as Hannibal; Mary Ann Baldwin, as Fairy May; Dave McKeel, as Jeffery; Shirley Bell, as Mrs. Pully; Christopher Crist, as Titus; Eugene Morga, as Samuel; Beverly San Martino, as Lily Belle; Gloria Scroggs, as Ethel; Gloria Rust, as Miss Wilhelmina; and Mrs. Spotti, as Dr. Emmet.

The production staff includes Shirley Bell and Ann Newkirk as co-chairmen of properties, Carmelita McAmis and Lenora Shook in charge of scripts, Shirley Skelton in charge of programs, and Carmelita McAmis as make-up chairman. Other production staff jobs are not yet filled.

The faculty of Hartnell college has accomplished outstanding results in the field of education, and has been recognized throughout California for the excellence of its teaching methods.

Harts vs. Menlo

Class Elections Finally Over

The Hartnell Class elections held on September 28 and 29 have resulted in an amazing series of run-off elections, from the fact that no one candidate received a majority of the votes for several offices.

The regular election resulted in the choice of the following Sophomore Class officers: Jim Hitchcock, president; Helen Allen, vice-president; and Lova Mead, secretary.

The various run-off elections resulted in the selection of the following freshman class officers: Lawrence Basio, president; Dave McKeel, vice-president; and Sue Crawford, Secretary.

The Associated Women Students officers elected were: Linda Robbins, president; Anne McLennan, vice-president; Barbara Houston, secretary; and Maxine Russo, treasurer.

Pickles Elected Choir Prexy

Rodney Pickles, Gilroy, was elected president of the Hartnell Choir.

Pickles, in his sophomore year at Hartnell is a radio major. Choral Director Vahe Aslanian announced today that Pickles succeeds Ronald Howe as president.

The new president of the Hartnell Choir will play a major role in the coming 1953-54 Hartnell Choir program. Other officers elected include:

Vice-President, Bob Todd, Salinas; Secretary-Treasurer, Pat Dees, Salinas; Robe Mistresses, Simona Ikeda, Salinas, and Shirley Gnesa, Soledad, publicity manager, Steve Jones, Salinas; Social Activities chairman, Loretta Turpin, Salinas, and Leonard Reyes, Salinas.

Club To Hold Potluck Dinner

The International Club is holding a potluck dinner for club members, Sunday at 5 o'clock. It will be held at the home of Mr. Aslanian, who is the advisor for the club.

This activity is the first on the club program for the year. The purpose of this potluck is for the club members to get better acquainted before they attempt a major project.

The club regrets that this gathering is for club members only.

Elections Today

Don't forget to vote for five Homecoming Queen candidates in the preliminary elections today. The five finalists selected in today's election will compete in the final voting to be held October 14. The winner of the final election will not be announced until the coronation, to be held October 16, at 11 a.m.

Soph Pictures To Be Taken Soon

Sophomore class yearbook editor Don Eckerson is starting a master campaign to obtain 196 sophomore pictures for the 1954 La Reata.

For the first time in history of the La Reata sophomores will be able to have their pictures taken on campus. Special arrangements, made by yearbook editors, Karol Klauer and Doris Simon, call for Hurl Swartz, local photographer, to set up his studio in Silliman library. Appointment cards for next week's sittings will be placed by school officials in each locker.

Sophomore pictures will be taken starting Tuesday, October 13 and will run through the remainder of the week.

Homecoming Plans Announced

Preliminary elections for Homecoming Queen candidates will be held October 8 and 9, and the final elections will be held Wednesday and Thursday, October 14 and 15. The identity of the queen chosen will not be known until the Coronation.

Homecoming co-ordinator, Doris Simon, and Interclub Council are working together to make this year's homecoming one of the best. The Queen's coronation is scheduled for Friday, October 16 at 11 a.m., and will be held outside. The Queen will also be honored at half time on Homecoming Day and she and the attendants will be honored at the dance to be held after the game. The music will be played by the Melody Notes orchestra.

QUIET, PLEASE

Newspaper week, like many national events, came and went quietly on the Hartnell campus. Unfortunately The Panther Sentinel had little chance to sing the praises of the free press.

We weren't censored, if you're wondering why we were so quiet, we were just too busy getting the paper out.

Twenty-Three Students Make Honor Society This Semester

Enrollment Hits New High of 634

Registration figures reached a total of 634 students as of October 1. This sum is around fifty more than last year.

Of the 400 men and 234 women students who have signed into classes, 406 are freshmen, 254 men and 152 women; 204 are sophomores, 136 men and 68 women; and 24 adult students, 10 men and 14 women.

The majority of the students attending Hartnell College are graduates of Salinas high school. Remaining students attending Hartnell are from the surrounding areas. There are a number of students from foreign countries also enrolled.

LATE NEWS

Mike Welds, publicity director of the Rose Bowl, notified Publicity Commissioner Cloyce Little that Hartnell could qualify for the 1953 Junior Rose Bowl.

A great many Hartnell supporters were beginning to worry about Hartnell's chances of being selected for another bowl bid. Would last year's bid rule them out of another classic? Little decided to investigate.

The student publicity commissioner, Little, directed his letter to Mr. Welds, newly appointed Rose Bowl publicity director. Welds reported promptly. "Rose Bowl officials said Hartnell could be invited a second time." Welds was quick to point out that they had to be selected first. This requires a completion of the schedule with nothing short of an undefeated record, at least that's the way of officials like it.

Panther Sentinel Still Needs Help

The Panther Sentinel is still in need of more staff members.

Needed are sports reporters, news reporters, typists, and students wishing to learn page makeup.

If you are interested in learning to put out a newspaper, here is your chance. Step in Room 9 today.

Twenty-three students have satisfied the requirements for membership in the Hartnell Chapter of the national junior college honor society, Alpha Gamma Sigma.

The requirements for membership in the honor society are: at least 12 accredited junior college units, a minimum of 30 grade points, a grade-point ratio average of not less than 2.0, no grade below a "C," and at least six academic courses.

The following persons were AGS members last semester and are again eligible:

Charles Collins, Watsonville; Richard Eppley, Watsonville; Irwin Forbes, Santa Cruz; Linda Laurence, Salinas; May Laurence, Watsonville; Gene Menees, Salinas; Mary Helen Migotti, Salinas; Irene Pletschet, Santa Cruz; Darrell Rains, Santa Cruz; Virginia Randolph, Watsonville.

New to the honor society this semester are the following thirteen students:

David Castro, Salinas; Roberta Cowan, Watsonville; Edward Dante, Salinas; Claudia Day, Hollister; Troy George, Salinas; James Jacobson, Salinas; Jack Jayet, Santa Cruz; Karol Klauer, Salinas; Theodore Lang, Salinas; Sally Lipset, Salinas; Loava Mead, Hollister; Sam Zullo, Watsonville; Robert Zilm, Santa Cruz.

Students are elected to the society for one semester at a time, and the requirements must be met each semester in order to remain a member.

The present Faculty Advisor for Alpha Gamma Sigma is Mr. Johnston. He replaces Dr. Hall, who acted as advisor for the organization for many years until forced by ill health to take a leave of absence.

Notice to All Sophomores

Sophomores! Don't forget to show up for your La Reata photo appointment. If you can't make it, or if you want to use a photo taken previously, don't fail to see Don Eckerson, the sophomore picture editor of La Reata. Notification of any such changes should be made NOW.

Any sophomore student who did not find an appointment card in his locker should also check with Don.

Candidates Are Introduced To All at Assembly

Last Wednesday, October 7, an assembly was held to introduce all Homecoming Queen candidates.

A representative from each club gave an introductory speech and introduced his candidate.

A program of musical entertainment followed. Those that participated included Christopher Christ, Sonny Reyes, and Bob Willey.

New Members On Cafeteria Staff

Evelyn Smith joined the Hartnell cafeteria staff recently along with cook Beulah McCarty.

Irene Verser, assistant cook, is starting her second year here while cashier Ruby Clark and manager Effie Freyer have been here seven years.

Student help in the cafeteria includes Ray Shields, Okie Olson, Jim Crain, Ron Earl, Clive Bullian, and Dick Lello.

THE EDITOR'S VIEWS

Hartnell is now entering its fourth week of classes, and the staff of the Panther Sentinel is still in need of more reporters. We now have five staff writers, but we need even more in order to cover the college news adequately. Experience is desirable, but not necessary. If you don't know how to write for a paper, we'll teach you.

All clubs at Hartnell are cordially requested to appoint, elect, or otherwise obtain one press representative for each club. The duties of this representative will be to collect all news of that club's activities and to make sure that the news reaches the Panther Sentinel office in time to be included in the paper. The news need not be written up in the form in which it will be printed, just so long as all the information is written down in such a manner that it can be read and made into a story by the staff of the paper. It will be appreciated if these representatives are appointed as soon as is possible.

I'd like to thank all the clubs who turned in photos of their Homecoming Queen candidates in order that we might run them in the paper.

Through an unfortunate error, the photo on page one of last week's paper was attributed to the Salinas Californian. The photo was actually taken by the Hartnell La Reata photographers. Our apologies to the students who did the work of making and developing the photograph.

— THE EDITOR

DID YOU KNOW . . .

By RICK OLIVER

- . . . that if we could see ourselves as others see us, we'd never speak to them again?
- . . . that Rodney Pickles was elected president of Hartnell Choir?
- . . . that the Alumni are putting a Homecoming folder out today. (Anyone who might be interested, please contact the office.)
- . . . that Anabeth Bird, Yvonne Yutz and Dan Brazell led the yells at the rally last Friday? They really did a great job.
- . . . that Coach Vorris has a good luck charm? He wears the same red tie at every game.
- . . . that one of the yell leaders, Vance Sutherland, has left us to join the Marines?
- . . . that the Hartnell rooters could not get into the Riverside After-game dance?
- . . . that I have two fellow Canadians here at Hartnell? Their names are Irene Pletschet, who hails from Saskatchewan, and Rosemary Burnie, from Ontario.
- . . . that there is a new writer, Bob Schultz, on the staff of the Panther Sentinel?
- . . . that while Simona Ikeda was finding the molecular weight of a certain gas, a few molecules got fresh and burnt her finger?
- . . . that the new president of the International Club is Joyce Vandiver?
- . . . that whatever you have, you must either use or lose?

Notes and Fillers

By RENEE SEARS

Hartnell college has attained an exceptionally fine academic rating with universities in the state of California.

Many high school graduates in the Central Coast counties area have availed themselves of the opportunity for two years of higher education and have become better prepared for their place in their community's economic and social life by the education they have received at Hartnell college.

Hartnell's leading scorer, Clive Bullian of Salinas, has racked up a total of six touchdowns and four conversions for a total of 40 points in three games.

Both Quarterback Tony Teresa and Halfback Clive Bullian are being rated as the greatest combination threat in the history of junior college competition.

Hartnell Head Football Coach Dick Voris is a sticker for discipline. Voris served in the United States Marine Corp with the rating of Sergeant.

THE G.I. BENEFITS EXPLAINED

(Part Two in a Series of Three Articles)
By J. R. INGRAM

Today we cover one of the remaining two benefits: education and training. The Veterans' Administration pays the veteran a monthly cash sum, for a limited period, to help him finance full-time or part-time study, or on-the-job or on-the-farm training. He can choose his own college, school, or training course, as long as he chooses one that has VA approval.

Courses Limited

A few specific types of courses—like dancing lessons—are specifically barred. An okay for an on-the-job or an on-the-farm training establishment is a bit more complicated; requirements had best be checked with the VA. The cash allowance is the only thing that the government will pay. With its aid, the veteran himself must pay all educational or training expenses and living costs.

Allowances Listed

This new system is not like the one in operation after World War II, under which vets had tuition and other expenses paid directly by the government, and then drew a separate living allowance. Veterans taking full time school or college courses get \$110 a month if they have no dependents, \$135 if one dependent, \$160 if two or more dependents.

Part Time Less

For part time students the allowances are reduced proportionately. On-the-job trainees get \$70 a month if they have no dependents, \$85 if one dependent, and \$105 if two or more dependents. On-the-farm trainees get \$95 a month if they have no dependents, \$110 if one dependent, \$130 if two or more dependents. These amounts are paid only at the start, however. Payments are reduced periodically, on the theory that earnings should be increasing. And, at any time the allowance and on-the-job training earnings add up to more than \$310 a month, the allowance is reduced. Veterans who got out before August 1952 have until August 20, 1954, to start their training; others must start within two years after discharge or forfeit their rights. For how long will payments be made? For each day spent in service between June 27, 1950, and the end of the emergency, the veteran is entitled to a day and a half of education. Maximum period for which benefits will be paid is 36 months.

Prior Service

Now we come to the man who was in service before and had earned education rights under the old G.I. bill. If he had started school under the old law and then went back into the service before finishing, he can go on under whichever system he chooses when he gets out. In most cases, he'll find the World War II benefits more liberal, but he should check his own case very carefully. If he had completed his schooling under the old law, he can get more only under the new bill, and the eligibility he can earn from Korean service is limited. His new period of eligibility plus the time he spent in school before can't add up to more than 48 months. If it does, his entitlement under the new bill will be shortened. Roughly speaking, that means that a man who had four years of college under the first

G.I. bill can't get more than another year of study under the second one. The men who didn't use their World War II rights and who are not in college at the present time will only be eligible for the new Korean rights. Their World War II rights will have expired.

In the next edition we will cover loans and how they will differ from World War II loans.

Salinas 'Y' Has Deal for Students

The new "Y" physical director, Jim Beacon, would like to encourage all Hartnell students to come over and meet him at the Y.M.C.A. pool which is located on Church and Clay Streets in Salinas.

If you haven't seen the pool, you've been missing a lot! It's heated to a warm comfortable temperature, clear water with plenty of swimming area and clean dressing rooms.

They also have a health club which includes a few sets of barbells, a steam bath and individual instruction. If you are interested in building up or tearing down, this is for you!

Here's the pitch—upon presentation of your student body card, you are invited for a swim between the hours of 5 and 7 P.M. In addition, they would like to start a coed night for youths out of high school that would include many different activities of the students choice. If interested sign up when you come over or phone 4313.

From the Bench

By GEORGE MARTINES

Rest is what Coach Dick Voris's Panthers need . . . and brother that's exactly what they are getting.

This week the football field is known as "Voris half acre"—the country club atmosphere includes only a normal day's workout.

Dick Herman has been circling the cinder path trying to keep from storing up too much energy.

Never made the Riverside trip, but I still can't figure out how a road trip can be made in an airplane.

(Note to George from Mr. Voris: Please correct copy to read, "THE ENTIRE FOOTBALL TEAM RECEIVED CREDIT FOR THE RIVERSIDE WIN.")

Hartnell students seeking jobs during the Christmas season, either part-time jobs involving afternoon or evening work should look at the college job bureau bulletin board in the main hall. The job you are looking for may be posted.

Panther Team Flies For First Time

Despite the fact that Hartnell College is considered an aerial team it wasn't until the Riverside contest that they actually took to the air. The Hartnell club made its first "road" trip, via the airplane, when the entire squad flew to Riverside on October 2, 1953.

Official Hartnell Photo

Anny Rides the School Bus

By ANN NONYMOUS

After reading the story about bus drivers in the last issue of the paper I got so excited about what fun it must be to ride on one that I took a trip just to see what it's like.

When I got out to the parking lot, there were so many buses that I didn't know which one to ride. I didn't care where it went, so I just climbed onto the biggest one I could find. It turned out to be Bus 62 or 26, or something, going to Watsonville and Santa Cruz.

I was surprised at the number of students on the bus. I didn't know so many students lived outside of Salinas. There must have been at least a hundred students on the bus, and there were still a few seats left.

We sat there in the bus for about half an hour, and finally the bus driver came and got in. He was a tall, handsome man with wavy brown hair and a beautiful smile. I thought I heard somebody call him "The Beachcomber," but I found out later that his real name is Jack Jayet. He told us he was tired and sat down on the little chair up in the front of the bus where the driver sits. He put on some sun glasses that made him look just like a big movie star, and told us that he wore them so we couldn't see him close his eyes as he drove. I think he was kidding, though.

The scenery was very interesting as we drove along in the bus—I hadn't known that they grew so many sugar beets around here. I had time to notice all the scenery we passed, because the bus had to go real slow to keep from running over all the big trucks. Somebody told me the buses weren't allowed to go over 45 miles per hour, but

I don't think that we ever reached that.

The bus I rode on wasn't built very well, because every time we stopped at a railroad crossing the door flew open and then shut again. Nobody touched it either, because it was too far away to reach without getting up. I couldn't figure out how they got it open when anyone wanted to leave the bus—maybe it's automatic. A nice boy by the name of Gerald Codger or Karger or something told me they had to stop at every railroad crossing because the train might be coming and they open the door in case you're scared and want out.

The bus kept stopping all along the way to let people out, too. When the students wanted to cross the street the bus driver had to get out and walk across with sort of a sign. I guess he uses it to hit the cars if they don't stop. The driver has to get out because a lot of the people won't stop unless they see someone big enough to dent the front of their car.

I was surprised that all of the students were so happy riding on the bus. I thought that the seats were sort of hard to sit on. They all took a great interest in how the bus was driven too. I heard some students in back yelling "Pass" all the time and I thought they were telling the driver to pass the car ahead, but it turned out that it was just some card-players in the back. I heard that Virgil Herring, Bob Zilm, and Irwin Forbes play cards on the bus all the time. I don't know how they can stand to miss all the scenery.

While we were passing through Watsonville somebody told me we were passing the MPC bus, but I

Know Your Yells

Do you know your school song, your ALMA MATER? You don't. Well, here it is—

Hail, Alma Mater,
We're sons and daughters true
E'er singing praises
Of our loyalty to you.
As united we all stand
Loud our songs ring o'er the land
And your honors we'll uphold
Onward ever! Falter never!
Ever striving for a higher goal
Hail to Maroon and Gold.

Last season the Hartnell Panthers scored a total of 360 points in ten games. In three games this year the Panthers have already scored 108 points.

When Quarterback Tony Teresa isn't sparking the Hartnell college eleven, he spends most of his time on studies or with his wife and youngster.

looked and they must have been kidding, because it was just an old rickety bus carrying some farm workers.

Everybody on the bus was very friendly. While we were approaching Santa Cruz the boys on the bus sang for Irene Pletschet. They sang "Goodnight Irene." When they had finished the song they began playing on their combs and blowing on papers until the bus driver turned around and said to be quiet. He was so stern and forceful!

When we got to Santa Cruz I had to take a taxi to get back to Salinas where I live because I had no place to stay in Santa Cruz. It was worth it though. Those bus drivers are so romantic!

Panthers Beat Riverside 38-20

Panthers Gain Third Victory

Northern California's victory-starved football fans may have to look to Hartnell College in the Salinas Valley for any Rose Bowl honors.

Hartnell, undefeated in 16 straight grid contests, is one of the hottest bets to repeat in the 1953 Junior Rose Bowl at

Pasadena. Coach Dick Voris, a rather modest head coach, watched his power laden squad hand highly regarded Riverside Junior College a 38-20 defeat last weekend. Voris' main worry is keeping the big California schools from filling up the stands on scouting assignments. "We have at least four men," said Voris, "who could play on either Pappy Waldorf or Chuck Taylor's clubs."

In the Riverside contest the Hartnell Panthers racked up a very impressive statistical picture, enough to drive any accounting expert crazy. With one of the best forward walls leading the charge, quarterback Tony Teresa, and halfback Clive Bullian rode all over the end zone and the Riverside Tigers. Bullian, a hard running back, tallied 20 points to boost him into position for Far West top junior college scoring honors with a total of 40 points to date. He also is the leading ground gainer for Hartnell with 263 yards on 34 carries of a 7.7 average.

Tony Teresa, who has been compared to every great back from Frankie Albert to Eddie LeBaron, is striking off on his own. After rival coaches watched Teresa perform last week against Riverside they were quick to commend, "Don't compare that boy to anyone, he's all by himself."

In three games this season, Quarterback Tony Teresa has sparked the Panthers to a 108 point scoring spree—his opponents were able to collect only 20. Teresa has completed 53 per cent of his passes, six of them for touchdowns. His 18 completed pitches went for a total of 335 yards.

Much to the relief of conference opposition the Hartnell eleven

doesn't play this weekend. Their next appearance will be at the October 17, Hartnell Homecoming against Menlo.

Hughes Picks Hartnell

Bob Hughes, San Francisco Chronicle sports writer, went out on a limb this week to pick the best Northern California J.C. grid squad. His pick for number one spot? Why Hartnell College, of course.

Hughes now joins the select list of sportswriters, headed by Salinas Californian ace sportswriter Doug Baldwin, who qualify for the Hartnell Bandwagon award.

Basketball Men Start Practice

Getting warmed for their 1953 season the Hartnell basketball enthusiasts returned to the hardwood on Monday for their first organized practice in preparation for the coming season. Coach Ed Adams sees only five returning veterans from last year's squad, but with the help of the new players he plans to turn the tables on last year's unsuccessful results.

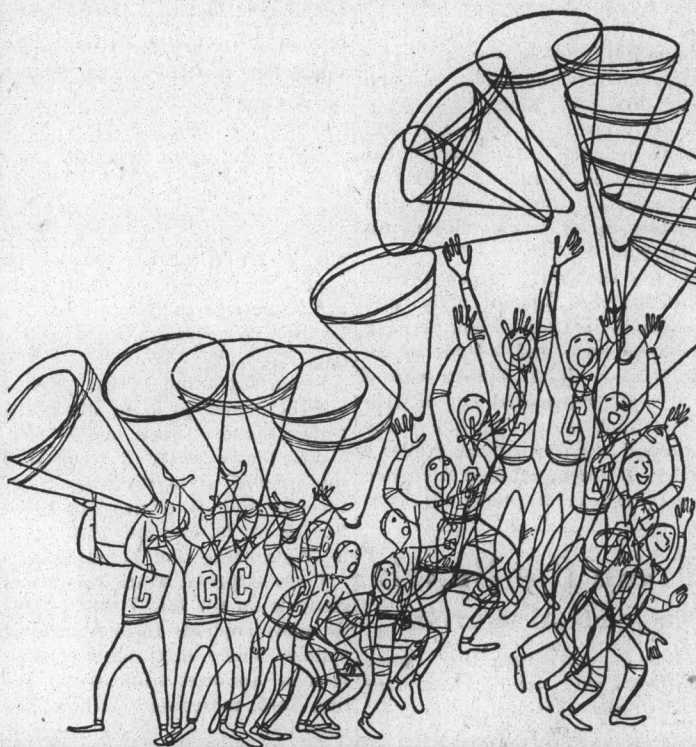

The new men on the squad include Morris Boutte, George Martinez, Max Dosier, George Bermasconi, Gerald Smith, Allen Pool, Lupe Coria, Bob Todd, Don Williams, Sylvester Gren, Bob Smith, Bob Hoglund, and Bob Rowley. The returning veterans are Alfred Baguio, Bob Larson, Bill Smith, Ron Martin, and Jack Forsyth. Still yet to strengthen the team after football comes to a close are returning stars from last year, such as Charles Olson, Tony Teresa, and Clive Bullian.

Hartnell Sign Real Gone!

Last Wednesday, the Hartnell College sign was forcefully removed from the corner of Homestead and Alisal Streets. This sign is district property, hence such removal is considered an act of vandalism and the matter has been turned over to the police for investigation.

It is not to be assumed that this act of vandalism was perpetrated by any member of any of the neighboring schools, either in Salinas or Monterey. The fact that our football success up to date has been what it is makes us the target for what is mistakenly considered by some people as "friendly aggression" from any of the colleges with which we compete.

It should be realized that we have a standing agreement with Monterey Peninsula College that any vandalism which occurs on this campus or on the Monterey campus will be paid for by both student bodies.
